Opening of four Price Depots in Corpn area on 17-9-56 [App F III 2

File No 475 of 195 1/rel

Serial No

Letter No A1/5657 dated 13 9 56 from the Comm'r of C B requesting sanction of Govt to the Corpn resolution dated 12 9 56 proposing to open four price depots in the Corporation Area in view of the acute scarcity for food articles

1) The resolution of the Corpn dated 12.9.56 is as follows -

1 that four price depots be opened in all the 50 divisions for selling rice, wheat

2 that the Comr be empowered to select suitable places in each division for the depots in consultation with the divisional councillors

3. that the Comr be authorised to appoint the necessary establishment for each depot as per the note for a period of six months, and the proposition statement in this behalf be approved. The establishment may be treated as temporary

4 that the two audit clerks as per proposition statement enclosed hereunto may be appointed temporarily for a period of six months for auditing the depot accounts [illegible]

Serial No

M Other Advances' of Rs 2,56,000/ and the balance may also be drawn subsequently if found necessary, and the Comr be authorised to open a separate account in the Banks of Mysore with this amount and operate on the said account to meet all expenses including establishment and contingencies etc relating to these depots and to credit all receipts to this account

6 that Govt be requested to advance a sum of Rs 2 lakhs for meeting the increased demand for opening depots in all the divisions to supplement corporation funds which is quite inadequate for the transactions

7 that the Auditor may be requested to assist the Advance Bill in this behalf pending sanction of the Govt to the scheme

8 that all other proposals of the Comr as per note dated 11-9-56 be approved

9 It is also further resolved that the Deputy Minister for Food, Union Govt be requested to associate the scheme on the

Office of the Director of Public Instruction
Bangalore, 15 February 1878

From

The Director of Public Instruction

To

The Offg Secretary to the Chief Commissioner

Sir,

I have the honour to transmit the report received from the Offg Principal of the School of Engineering and Natural Science / No 68, dated the 13th instant on the quarterly examination of the students held in December.

2. Upper Department - This contains 8 third year and 4 first year students of the former, 5 are under preparation for the Public Works Department and 3 for the Forest Department The list in the margin shews the total no of marks obtained by each of those present, for Raghuvalu Naidu in the Engineering class was presented by ~~ordinarily~~ marks as seen the

Engineering Students	Max 460
Srinivasa Rao, B A	332
Balakrishna Iyar	323
Garudachar	318
Venkatachar	284
Forest Students	Max 360
Abdul Karim	270
Lavery	259
Muttanna	256

The other engineering students have all changed their positions The forest-students keep the same relative order.

3 With reference to the review of the previous examination, in Proceedings of the 2? October last, I would take the opportunity of pointing out that the order of merit given in para 2 is somewhat misleading as, for the purpose of determining a place for Srinivasa Rao who was absent on one day, the marks obtained by all the other students on that day are omitted from calculation, which is a disappointment to them The actual order as derived from the entire results of the examination was as given in the margin of para 2 of my letter No 2253 of the 12? September.

4. The first-year students have also all passed, and come out in the order given in the margin. They stand as in the former examination and Ranga Rao seems to have taken the lead His answering in mathematics is stated to be exceedingly good

Ranga Rao	439
Sitaram Rao	361
Narayan Rao	302
Prahlada Rao	289

5 Lower Department- Of the 6 students in the upper it will be

Ramanujachari
Kadiveelu
Raghunath Ayangar
Nagam Mudliar

number of marks The warning contained in the con-cluding sentence of Chief Commrs order No 6311-G931 of the 2d October has thus proved effectual, for the only failure in single subjects has been that of Ananda Ra in Trigonometry, regarding which I beg to refer to the Principals remarks Ramanujachari kept first and Kadervelu second the others being uncertain. But with reference to this class, it is very sad to record that Ramanujachari has since died He was not only a most promising young man, but apparently one of the strongest in the school. He fell, however, a victim to fever after a very short illness at Chidalburg, whether he had gone during the holidays to see some relatives

I have the honour to be,
Sir,
Your Most obedient Servant.

Director of Public Instruction
AB

An candidate, who has failed to obtain the prescribed minimum in Trigonometry. If however his mistakes be taken as one subject which every faculty may, two marks in the three subjects, Euclid, Algebra & Trigonometry taken together would be over the prescribed minimum — one fourth; his answering in other subjects was good

8 During the past quarter the whole of the students attended with great regularity, and I have reason to be very well pleased with their industry, and attention to lectures

I have the honor to be
Sir,
your most obed[ient] Serv[ant]
W[illiam] Gleeson
Off[iciating] Principal

but his answering in the class has always been very creditable. All the others passed

4 In the Forest class all passed the marks given are as below —

Names	Chemistry	Botany	Meteorology	Surveying	Total
Maximum	100	100	100	60	360
Abdul Karim	76	82	92	20	270
Lovery	64	85	81	29	259
Muttanah	81	77	14	24	256

5. The first year Engineering men all passed. They were examined in the following subjects & the results shewn. Runga Row's mathematical answering is exceedingly good.

Names	Algebra & Conic Sections	Trigonometry	Differential & Integral Calculus	Analytical Geometry	Statics	Dynamics	Total
Maximum	100	100	100	100	100	100	600
Runga Row	67	57	91	17	46	95	439
Sitaram Row	46	50	83	67	52	63	361
Narayana Row	34	42	64	61	45	56	302
Prahladha Row	33	31	68	58	38	61	289

6 The Lower Division was examined in the following Subjects with results as shewn below.

Names	Euclid	Algebra	Trigonometry	Statics	Surveying	Drawing	Total
Maximum	100	100	100	100	100	100	600
Ramanujacharry	79	83	65	57	57	50	391
Kadir Vilu	79	46	52	40	60	65	342
Raghunatha Iyyar	60	59	44	57	54	49	323
Aurumugham	68	56	41	29	73	50	317
Srinivasa Row	78	26	36	50	51	47	288
Ananda Row	51	30	15 X	26	70	47	239

7. It is with very great regret that I have to inform you that Ramanujacharry who heads the list has since died. He went to Chittledroog where some relatives and expired after a very short illness

He was apparently the strongest and healthiest individual amongst the Students. He had great talents and attracted my attention from the first by his unremitting application to his work

His examination completes the half Course of the Lower Division

All passed in all the Subjects except Ananda Row

No 68

School of Engineering &
Natural Science, Rangoon
dated 13th February 1878

From

The Officiating Principal
School of Engineering & Natural Sciences

To

The Director of Public Instruction
Burma & Ceylon

Sir,

I have the honour to submit the following report on the last Quarterly examination

The Upper Division of the School consists of five students pursuing the General Engineering Course of the third year, three Forest students in their third year and four Engineering students in their first year

2 The five third year Engineering students were examined in the following subjects & the results shown below —

Names	Engineering	Electricity	Applied Mechanics	Rates	Surveying	Chemistry	Total
Maximum	100	50	100	50	60	60	460
Srinivasa Rau	69	44	71	31	44	73	332
Balakrishna Iyer	13	41	52	38	35	78	323
Govindacharry	111	38	39	39	29	19	318
Venkatachary	69	27	49	36	26	11	284
Raghavendra Rau	—	33	absent				

3 Srinivasa Rau has reasserted his old position of priority & retained at the Semester examination Raghavendra Rau was prevented by illness from attending
